Report of Principal and School Improvement Council

2008-2009 was another productive year for Walhalla Middle School. Of our 746 students, 51% utilized opportunities in Keyboarding, Algebra I, and Geometry to earn high school credit. One hundred percent of our Algebra I students passed the end of course examination and 41 of the 121 students who took the exam earned a perfect score. Sixty-five of those 121 received A's and 41 received B's, an 88% A/B success rate.

The RISE program continued to offer students an opportunity to make up, complete, or improve assignments and avoid zeros while gaining mastery of the material for their courses. This was a continued implementation of our Making Middle Grades Work initiative along with the continued success of our Positive Behavior Program charting another decrease in discipline referrals. MAP testing was again an effective teacher tool to monitor success and progress and identify weaknesses or gaps in mastery of the basic skills.

The care and generosity of our staff, students, and community saw donations in excess of \$12,000 to various charities and supported our students and staff in need.

The Fine Arts and Athletic success shined again with many awards on the local, state, and regional level, performing at various functions before local and collegiate audiences. Our girls basketball team completed their second consecutive undefeated season along with improved records in boys basketball and football. This success was more evident with the success of those student-athletes on the A/B honor roll.

We have extremely high expectations for all our students and the parental and community involvement was evidenced with over 3,400 volunteer hours logged by parents and community persons. We appreciate the support and together we can assist our students as they prepare for their future and the next level of their education.
